Service Dashboard Links & Key Locations

1. Turso Database

Website

<https://turso.tech>

Dashboard

<https://app.turso.tech>

Used Keys

- TURSO_DATABASE_URL
- TURSO_AUTH_TOKEN

How to Create New Keys

1. Login to Turso Dashboard.
2. Select your database.
3. Open "Database Settings".
4. Go to "Tokens".
5. Create new Auth Token.
6. Copy:

- **Database URL**
- **Auth Token**

Notes

- **Use separate tokens for Production and Development.**
 - **Rotate tokens if exposed.**
-

2. Google OAuth / Google Cloud

Website

<https://console.cloud.google.com>

Used Keys

- **GOOGLE_CLIENT_ID**
- **GOOGLE_CLIENT_SECRET**

How to Create New Keys

- 1. Login to Google Cloud Console.**
- 2. Create or select project.**
- 3. Open: APIs & Services → Credentials**
- 4. Click: Create Credentials → OAuth Client ID**
- 5. Configure:**
 - **Authorized Redirect URL**
 - **Application Type**
- 6. Copy:**
 - **Client ID**
 - **Client Secret**

Required Redirect URL

<http://localhost:3000/api/auth/callback/google>

Production Example

<https://yourdomain.com/api/auth/callback/google>

3. NextAuth

Used Keys

- NEXTAUTH_URL
- NEXTAUTH_SECRET

How to Generate Secret

Website

<https://generate-secret.vercel.app/32>

Notes

- NEXTAUTH_SECRET should be long and random.
 - Production URL should always use HTTPS.
-

4. EmailJS

Website

<https://www.emailjs.com>

Dashboard

<https://dashboard.emailjs.com>

Used Keys

- NEXT_PUBLIC_EMAILJS_SERVICE_ID
- NEXT_PUBLIC_EMAILJS_PUBLIC_KEY
- NEXT_PUBLIC_EMAILJS_TEMPLATE_AUTO_REPLY
- NEXT_PUBLIC_EMAILJS_TEMPLATE_TEAM_NOTIFICATION

Check-In Email Keys

- EMAILJS_CHECKIN_SERVICE_ID
- EMAILJS_CHECKIN_PUBLIC_KEY
- EMAILJS_CHECKIN_PRIVATE_KEY
- EMAILJS_TEMPLATE_PRE_CHECKIN
- EMAILJS_TEMPLATE_POST_CHECKIN

How to Create New Keys

1. Login to EmailJS Dashboard.
2. Add Email Service.
3. Create Templates.

4. Open Account → API Keys.

5. Copy:

- **Service ID**
- **Public Key**
- **Private Key**
- **Template IDs**

Recommended Setup

- **Use separate EmailUS accounts for:**
 - **Main notifications**
 - **Check-in emails**
-

5. LlamaParse API

Website

<https://cloud.llamaindex.ai>

Used Keys

- **LLAMA_PARSE_API_KEY**

How to Create New Key

- 1. Login to LlamaIndex Cloud.**
- 2. Open API Keys section.**
- 3. Create new API key.**
- 4. Copy API key.**

Usage

- **Lab report extraction**
 - **PDF parsing**
 - **OCR processing**
-

6. Mistral AI

Website

<https://console.mistral.ai>

Used Keys

- **MISTRAL_API_KEY**

How to Create New Key

1. Login to Mistral Console.
2. Open API Keys.
3. Create new key.
4. Copy API key.

Usage

- AI text processing
 - Medical report analysis
 - NLP workflows
-

7. Cloudinary

Website

<https://cloudinary.com>

Dashboard

<https://console.cloudinary.com>

Used Keys

- **CLOUDINARY_CLOUD_NAME**
- **CLOUDINARY_API_KEY**
- **CLOUDINARY_API_SECRET**
- **CLOUDINARY_URL**

How to Create New Keys

1. Login to Cloudinary.
2. Open Dashboard.
3. Copy:
 - Cloud Name
 - API Key

- **API Secret**

Usage

- **Image uploads**
- **File storage**
- **Image optimization**
- **CDN delivery**

Company Email Credentials

Main Company Email

Email: bhuvank@advantixagi.com

Password : Bhuvan@advantixagi@work

For easier access and management, I have used my company email credentials for all major services, including database, cloud, authentication, and email platforms. This will help with quick access and centralized management initially. After setup and review, you can change/update the credentials and passwords anytime as required.

Deployment Platforms

Vercel

Vercel	https://vercel.com/dashboard

Niraiva Healthcare Platform – Login Details

Patient Portal

Purpose: Used by patients to view records, book consultations, and track health details

- URL: <https://helathcare-nrivaa.vercel.app>
 - Email: Testing1@gmail.com
 - Password: Test1234
-

Doctor Portal

Purpose: Used by doctors to manage patients, update diagnoses, and prescribe treatments

- URL: <https://helathcare-nrivaa.vercel.app>
 - Email: Testing2@gmail.com
 - Password: Test1234
-

Lab Portal

Purpose: Used by labs to receive test requests and upload test results

- URL: <https://helathcare-nrivaa.vercel.app/lab>
 - Email: Testlab@gmail.com
 - Password: 1234
-

Staff Portal

Purpose: Used by staff to manage appointments, assist operations, and handle patient flow

- URL: <https://helathcare-nrivaa.vercel.app/staff>
 - Email: teststaff@gmail.com
 - Password: 1234
-

Admin Portal

Purpose: Used by admin to control the system, manage users, and monitor the platform

- URL: <https://helathcare-nrivaa.vercel.app/admin>
- Email: admin@niraiva.com
- Password: Admin@1234
